

KITCHENS

“Everyone listened to what I had to say. I had complete trust & couldn't have been more impressed. Dale's ended up with a customer for life!”

— Stephanie Meagher, West Salem

CotY 2015
Regional winner

DESIGN. CREATE MORE SPACE. PULL AND REPLACE OR SIMPLY UPDATE.

- ♥ The kitchen is the heart of the home; the core entertaining space and family's hub of activity.
- ★ ENERGY STAR Appliances use up to 40% less energy than conventional models.

Kitchen makeovers, minor or major, are amongst the most popular home renovation projects today. A successful kitchen remodel will take into account your family's needs and lifestyle to create a functional and enjoyable space.

Maybe your kitchen is simply out of date and in need of a face-lift, lacks storage space and functionality, needs more light or is just too small. Whatever the reason, a kitchen remodel will make a huge impact on the look, feel, functionality and value of your home.

A few of the most common updates provided by Dale's Remodeling include:

- Innovative space saving solutions
- Energy efficiency
- Accent lighting
- Multi-height countertops
- Functional storage to fit your lifestyle
- Custom cabinetry: standard soft-close/slam proof
- Appliance garages and USB docking stations
- Assistance in hundreds of design options for surfaces, lighting, hardware and fixtures
